

Landscapes of the Diocese

Collected Reflections Volume One

Bishop Brian Heenan and the Diocesan Commission for Environmental Awareness launched Volume One of 'Landscapes of the Diocese' during the recent Rockhampton Catholic diocesan assembly.

This attractive and easy to read 43 page book contains reflections (in theological reflection style) and images based on a sample of eco-systems and locations from within the diocese.

'Enjoy this gift. Make it your own by identifying with its simplicity and profound reality. Be still in the midst of

it all and you will find God and God will find you' (Brian Heenan, Bishop of Rockhampton).
